EXPERIENCE SCOUTS AUSTRALIA E-LEARNING

If you are a part of the senior management team for your organisation we invite you to experience and learn more about Scouts Australia e-Learning. Training Commissioners and Chief Commissioners are especially invited!

For a hands-on trial of e-Learning, please request review access by sending an email to elearning@scouts.com.au with the information below. Or you can do it online right now by completing and submitting the form below.
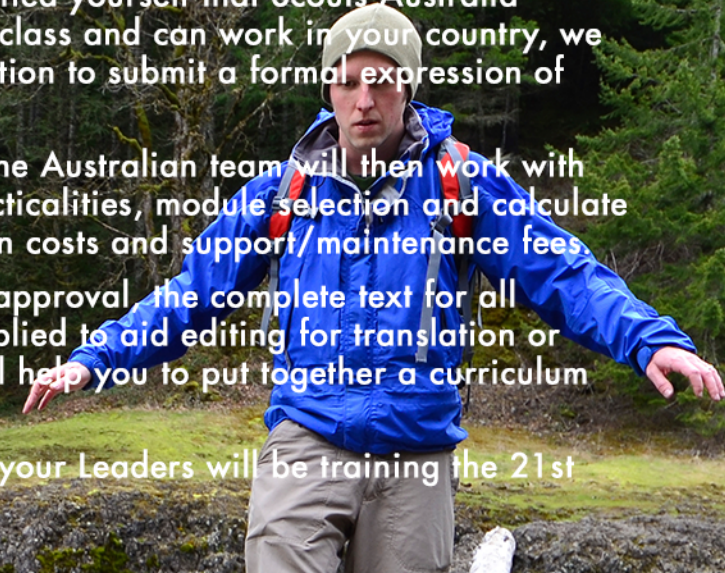

You will be sent login details so that you can experience some e-Learning modules first hand. The module reference (on this flash drive) will give you an overview of all the modules and the topics they present. Use this as a guide for which modules you should sample.

Once you have satisfied yourself that Scouts Australia e-Learning is world-class and can work in your country, we invite your organisation to submit a formal expression of interest.

Paul, Graham and the Australian team will then work with you to consider practicalities, module selection and calculate likely implementation costs and support/maintenance fees.

Following financial approval, the complete text for all modules will be supplied to aid editing for translation or localization. We will help you to put together a curriculum and roll-out plan.

Before you know it, your Leaders will be training the 21st century way!

REVIEW ACCESS REQUEST: *Email to elearning@scouts.com.au*
